Country:	Indonesia

BRIEF/MINI BIOGRAPHY

Retno Sutomo is a senior lecturer at Department of Pediatrics, School of Medicine Universitas Gadjah Mada (UGM), Yogyakarta, Indonesia. He is also the Director of Master Program in Clinical Medicine at the same university. He completed the undergraduate and pediatric specialty program in UGM and PhD in Kobe University, Japan. He is a clinical consultant of Developmental and Behavioral Pediatrics, and currently serves as Chief of Division of Growth and Development and Social Pediatrics at the Department and the Head of Child Growth and Development Clinics at Dr. Sardjito Teaching Hospital. Dr. Sutomo has published dozens of scientific publications in peer-reviewed domestic and international journals, mainly in topics of molecular genetics of some inherited disorders in pediatrics, developmental and behavioral pediatrics, and childhood vaccination. His current research of interest includes attention deficit/hyperactivity disorder (both clinical and molecular genetic aspects), pediatric sleep disorder, and behavioral problems in pediatric chronic diseases, such as asthma and epilepsy. He is member of Society of Developmental and Behavioral Pediatrics (SDBP) and World Sleep Society.
